

TYRRELL COUNTY
GENEALOGICAL AND HISTORICAL SOCIETY
Post Office Box 686 Columbia, NC 27925-0686

The Tyrrell County Genealogical and Historical Society is seeking to collect information from family bibles about families in Tyrrell County and surrounding areas. Once this information is collection, it will be compiled and published by the Society for sale to interested persons. It is our desire to have this publication ready for sale at the Scuppernong River Festival in 2010. However, we ask that you submit your information as soon as possible and no later than *December 31, 2009.*

Attached is a worksheet to provide the information that is available in your family Bible. Please understand this is a worksheet only, and you are free to provide the information in whatever form you wish. The first sheet asks for general information. On the reverse side is a place to actually provide the information from the Bible.

It is important that you sign the authorization for the Society to publish this information.

In addition, if possible, you may submit a digital picture of the Bible and/or its contents. If you have available, family pictures may also be submitted for inclusion in the publication.

If you have a family Bible in your possession but are unable to transcribe the information and wish someone from the Society to do so, please contact Arnette Parker at 252-796-1831 or email her at arnettecparker@hotmail.com.

Family information contained in Bibles is an important way to document and preserve your family=s heritage. Your help with this project is needed. We invite your participation and hope you will enjoy others to do so.
